

2020 ACCOMPLISHMENTS

FOUR new STUDIES are ongoing; three are international multi-center studies: 1) A phase IIIB/IV randomized open-label with pharmaco-enhanced darunavir vs dolutegravir with predetermined nucleosides vs recommended standard of care antiretroviral regimens in patients with HIV infection who failed recommended first line therapy (D2EFT Study); 2) An International SARS-CoV-2 Infection Observational Study (ICOS Study); 3) An International Multicenter, Adaptive, Randomized Double-Blind, Placebo-Controlled Trial for the Safety, Tolerability of Adult Hospitalized Patients at Onset of Clinical Progression of COVID-19 (ITAC Study); and 4) Observational Research on Infectious Disease Outbreaks and Difficult Cases of Unidentified Etiology in Indonesia (ORCHID Study).

GOAL 1: Generate knowledge, disseminate results, and promote utilization of research findings

PUBLICATIONS

- ❖ **An Observational Prospective Cohort Study of the Epidemiology of Hospitalized Patients with Acute Febrile Illness in Indonesia**, PLOS NTDs, January 2020.
- ❖ **Comparison of Commercial Enzyme-Linked Immunosorbent Assay and Immunofluorescence Assay for Diagnosis of Acute Rickettsia Typhi Infections**, Vector-Borne and Zoonotic Diseases, January 2020.
- ❖ **Leptospirosis in Indonesia: Diagnostic challenges associated with atypical manifestations and limited laboratory capacity**, BMC, February 2020.
- ❖ **Underdiagnoses of Rickettsia in patients hospitalized with acute fever in Indonesia: Observational study results**, BMC, May 2020.
- ❖ **Chikungunya in Indonesia: Epidemiology and Diagnostic Challenges**, PLOS NTDs, June 2020.
- ❖ **Etiologies of severe acute respiratory infection (SARI) and misdiagnosis of influenza in Indonesia, 2013-2016**, Influenza and Other Respiratory Viruses, July 2020.
- ❖ **Diagnosis of COVID-19 in a Dengue-Endemic Area**, AJTMH, August 2020.
- ❖ **The Identification of First COVID-19 Cluster in Indonesia**, AJTMH, October 2020.

STUDIES

- **TRIPOD** - Observational Study
Total enrolled: **490**. Study Completed
7 hospitals study sites
- **PEER** - Observational Study
Total enrolled: **188**. Study Completed.
4 hospitals study sites
2 satellite study sites
- **PROACTIVE** - Observational Study, ongoing
Total enrolled: **4,336**
19 hospitals study sites
- **SCHISTO** - Observational Study
Total enrolled: **186**. Study partial completed
1 study site
- **ORCHID** - Observational Study, ongoing
Interim total enrolled: **15**
2 hospitals study sites
- **D2EFT** - Clinical Trial Study
International multi-center, ongoing
Interim total randomized: **11**
4 hospitals study sites
- **ICOS INSIGHT 011** - Observational Study
International multi-center, ongoing
Interim total enrolled: **99**
2 hospitals study sites
- **ITAC INSIGHT 013** - Clinical Trial Study
International multi-center, ongoing
3 hospitals study sites

GOAL 2: Build INA-RESPOND as a sustainable research network capable of conducting excellent clinical research

COLLABORATIONS

- SubDit HIV/AIDS
- SubDit Tuberculosis (TB)
- SubDit Vector and Zoonosis
- NIAID/NIH
- NCI/NIH
- US-CDC
- USAID/PEER Health
- RePORT
- The Kirby Institute/UNSW
- CUIMC/Columbia University
- WHO
- PT Prodia Diacro Laboratories
- PT Ganesha Aggies Jaya

TRAININGS

- GCP Training
- Data Management Training
- Laboratory Training
- Clinical Research Protocol Writing Training
- Scientific Writing Support for Sites
- Studies-specific Training for Sites
- NIAID HIV Lecture Series
- Clinical Research Project Management Training
- INA-RESPOND SOPs Training
- Studies SOPs Training
- NIH Information & Security Privacy Awareness Refresh Training
- Orientation and Training for new hires

STUDIES SITES

- Site 510 - Hasan Sadikin Hospital
- Site 520 - Sanglah Hospital
- Site 530 - Cipto Mangunkusumo Hospital
- Site 540 - Sulianti Saroso Hospital
- Site 550 - Wahidin Sudirohusodo Hospital
- Site 560 - Kariadi Hospital
- Site 570 - Soetomo Hospital
- Site 580 - Sardjito Hospital
- Site 590 - Persahabatan Hospital
- Site 600 - Adam Malik Hospital
- Site 610 - Tangerang Hospital
- Site 630 - Ansari Saleh Hospital
- Site 640 - Saint Carolus Hospital
- Site 650 - Budi Kemuliaan Batam Hospital
- Site 660 - Wahab Sjahranie Hospital
- Site 670 - Zainoel Abidin Hospital
- Site 680 - Soedarso Hospital
- Site 690 - Abepura Hospital
- Site 700 - TC Hillers Hospital
- Balai Litbangkes Donggala

GOAL 3: Achieve organizational excellence

OPERATIONS

INA-RESPOND established and enhanced network capabilities in the following areas:

- Ten Core Sites and Ten Study Specific Sites
- Reference Laboratory
- Data Management Center
- Policies and SOPs
- IT Operations Infrastructure and Network
- Website
- Monthly Newsletter
- Scientific Manuscript Writing Guidebook

VISION

Become the premier research network in the region providing evidence to inform policy making, minimize the impact of infectious diseases and improve human well-being.

MISSION

Improve the health of the people of Indonesia and benefit the international community, by conducting high-quality infectious disease research through a collaborative, sustainable, and well-recognized research network.

VALUES

- Beneficial and Responsive to the research needs of Indonesia and the international community
- Innovative in designing, implementing, and integrating research in a healthcare setting
- Goal-Oriented to achieve the mission of the network
- High-Quality in conducting scientifically sound and ethical infectious disease research
- Trust and Teamwork with respect, transparency, communication, collaboration, and shared responsibility
